

UV Lamp for Systems with Photon (PH) E and F Cabinets

Nuvonic has developed new lamps specifically for Photon (PH) systems that use E- and F-type cabinets. These lamps, which replace the previous part numbers 130027-3001 and 130087-3001, are designed to have longer service lifetimes.

The table below lists the models for which the new lamps should be used.

Product Line	Models	New Lamp Part Number
PureLine D PH	0240, 0300, 0530	130027-7002
PureLine DC PH	250, 300, 305, 315	130087-7002
PureLine S PH	0030	130027-7002
PharmaLine DC PH	250, 300, 305, 315	130087-7002
PureLine DO PH	0119, 0181, 0255	130027-7002
PureLine DCD PH	40	130087-7002
RASLine D PH	0240, 0300, 0530	130027-7002
SwimLine PH / SwimLine Splash PH	470, 600, 705	130027-7002
UV Swim U	U-200-E6/E8, U-320-E8/E10	130027-7002

Note: Where a system was sold under the old Photon numbering system, the model number on the rating label will show whether the cabinet is type E or F (e.g., PMD200E), in which case the new lamp part number is 130027-7002.
